

ADVANCE YOUR EDUCATION

Build on your Education: Join Cleveland Construction's Internship Program

Cleveland Construction, Inc. offers an exciting opportunity for construction management students of all experience levels to participate in our 10-week summer internship program. As part of our "Make It True University" training and development program, our internship program is designed to provide hands-on experience and mentorship to college students, regardless of prior experience in construction.

During the internship, you will develop important skills in project management, field communication, and leadership. You will work alongside our experienced construction team to gain knowledge about the day-to-day operations of a national commercial contractor and learn how to solve construction challenges.

In addition to gaining valuable skills, you will build relationships with our clients, trade contractors, architects, and engineers. By the end of the program, you will be well-prepared to become a successful professional in the construction industry.

Our internship program entails:

- ■ Paid 10-Week Structured Program with Mentorship
- ■ Effective Management Techniques
- ■ Understanding of Cross-Functional Departments
- ■ Safety Training and Certification
- ■ Procore Software Training
- ■ Scholarship Opportunities Available

You will gain advanced knowledge in:

- ■ Blueprint Reading
- ■ Cost Estimating
- ■ Project Scheduling
- ■ RFI/Submittal Processes
- ■ Project Closeout Procedures
- ■ Trade Contractor Coordination
- ■ Safety & Quality Management

Now accepting applications for our Summer Internship Program.

Connect with us at college career fairs or apply on our website: www.clevelandconstruction.com/general-contracting/careers/internship-program. You'll discover why Cleveland is a great place to build your career.

Students within our internship program will compete for an opportunity to be awarded a college scholarship upon completion of the program.

An internship with Cleveland Construction is a great opportunity for college students to gain hands-on experience and develop key skills in the construction industry.

Our program will not only prepare you for an entry-level position, but it will also give you the chance to learn and practice critical skills such as project management, problem-solving, and client-relationship management.

To be considered for a Summer Internship, we require the following:

- ■ Students Pursuing a Degree in Construction Management
- ■ Junior or Senior Status. (Sophomores with an appropriate level of skills and experience will also be considered)
- ■ 10-Week Commitment with Cleveland Construction (June – August)
- ■ Flexibility in Job Responsibilities
- ■ Excellent Oral and Written Communication
- ■ Valid Driver's License
- ■ Authorized to Work in the U.S.
